

WHAT WE DO

The Sister District Project works to turn states blue by winning state legislative elections. We “sister” volunteers from deep blue districts with carefully targeted races in swing districts, where flipping control of the state legislature will help end partisan gerrymandering.

WHY IT MATTERS

In 35 states, the state legislatures control redistricting. Elected officials often take advantage of the redistricting process by drawing district lines in their own favor, which can determine election outcomes before voters even head to the polls. By turning state legislatures blue, we can help put an end to the undemocratic practice of gerrymandering and win back both state and congressional seats.

HOW WE SHIFTED POWER IN THE STATES

BLUE FLIPS

BLUE HOLDS

BLUE INROADS

HOW OUR MODEL WORKS

We build teams of volunteers in securely blue districts and “sister” them with campaigns in vulnerable districts. Volunteers support their Sister Races by phonebanking, canvassing, postcarding, fundraising, and raising awareness on their behalf. We currently have 101 volunteer teams & affiliates, with over 45,000 pairs of boots on the ground!
